Profitable retail business – Growth region – Incredible lifestyle opportunity

Browns 100% Appliances has been established in THAMES since 1895 and still going strong.

Profitable business with increasing business activity – Thames and surrounding Coromandel region is experiencing extraordinary growth driven by the desirability of the area along with the big changes in where families prefer to live and work and are actually moving to.

The influx of families at all stages of life moving into the area is driving this landmark retail business with increased sales and activity. The demise of Dick Smith has created even greater opportunities including the JayCar electronics brand represented by Browns 100%.

Many of course still desire to work and make a good living at the same time.....here's a real opportunity to have it all.

Own a great business in a growing town and leave the city hassles behind (but still easily visit whenever you want...Auckland and Hamilton are only an hour away). Get your life back.
